**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I'm choosing a competitive provider because my Comcast costs have gone up with no commensurate improvement in services. Comcast has had a decade or more of record profits and has had ample opportunity to improve their services and have chosen not to do so. They have no one to blame but their own bad business sense.

I work from home, and that cost comes out of my pocket, It also makes a lot of sense for me and much of the market in my area to go with a newer technology and better service that costs a great deal less than what Comcast provides. I struggle to stay afloat and the savings this provides me will help me with normal living expenses like health insurance and food.
